

Message from the Office of Student Affairs:

Updated: March 26, 2020, 21.34

Dear CICM Community:

All Online Portals

Given the Emergency Announcement announced by the Thai Government, the office has closed the office on campus. All documents and correspondence will be made via online portals (Line, telephone, and Facebook messenger are the most reliable sources).

Donations

CICM continues to encourage our community to give, especially with the recent opening of the Field Hospital at DLuxx apartments at Thammasat University. Contact us for further details.

Dorms

We are working on addressing reimbursements for dormitories on campus. Please be patient.

Scholarships

CICM will be announcing graduate scholarships within the next upcoming weeks. Potential applicants are encouraged to follow our Facebook page for details.

Stay Put, Stay Home

We as health professionals cannot emphasize enough, the importance of social distancing and staying home. Our country is at a pivotal moment where all citizens must join in to decrease the spread. Stay home, wash your hands, and support our healthcare workers and officials as the world faces uncharted territory.

Please check our Facebook for updated information. www.facebook.com/CICMTUACTH

You can find updated information about COVID-19 disease activity and recommendations at these sites: WHO: Novel Coronavirus (2019-nCoV)
