

Message from the Office of Student Affairs:

Updated: June 25, 2021

Dear CICM Community:

Current Outbreak

- Given the current situation in Bangkok and Pathum Thani the following is closed to in-contact
 - Office of Student Affairs (Beginning June 28, 2021 until further notice)
 - All online accounts will be accessible during this time

Future Activities

- Orientation for new students will be online and is tentatively scheduled for August 4, 2021
- iPad distribution will occur August 6-7, 2021. Please make sure all tuition has been paid in full.

Third-year Electives

- Third-year students will be eligible to proceed with electives abroad. Consideration should be made for current quarantine requirements as well as for timing of potential vaccines if you pursue a course abroad.

We encourage you to monitor developments through the Ministry of Health and WHO websites. We will need your help. A few easy things we can all do include:

- Consider leaving the house only when necessary
- Wear double masks, surgical masks on the inside and a cloth mask on the outside
- Disinfect frequently touched objects using a regular household cleaning spray or wipe
- Local transmission is still occurring, we encourage students to avoid crowded locations, bars, and pubs at this time.

CICM will continue to work with national and local officials to monitor potential risks. If conditions change, we will update our campus community. Please check our Facebook for updated information. www.facebook.com/CICMTUACTH
