Eligible candidates for study must join the Orientation Activity at Chulabhorn International College of Medicine, Thammasat University (Rangsit Center). Other details will be announced later.

12. Conditions for Student Registration

12.1 Eligible candidates must register as students according to regulations and methods indicated by the registrars within 14 days from the first day of the semester, except when deemed

necessary by the registrars who may allow the delay for registration, but it must be within the 1st academic year of first semester.

Successful candidates with a degree from overseas countries must present the degree qualification document on the date of new student registration to the Committee. Those who cannot present this evidence on that day, are allowed to submit before the end of the first semester.

12.2 Those who already registered as students cannot transfer their status to another program except when it's necessary. The students must file an application form explaining the reason to the dean for approval from the faculty's committee of the program.

The program transfer must receive approval from the faculty's program committee for the study transfer to be authorized. Additionally,

After receiving approval according to the second paragraph, the length of the study will be counted from the start of the study in the original program.

12.3 If later found that those who registered as students do not meet the requirements, have a forbidden characteristic, or use false evidence for student registration, the registrars will report the case to the Rector to revoke the student registration of those students.

If the same case in the first paragraph happens to those who already completed their study, the Rector will report the case to Thammasat University Council to revoke the diploma of those students.
