

New Normal

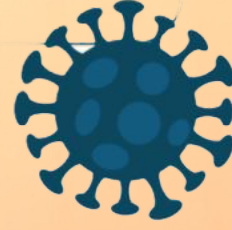

for the Safety Precautions for the prevention of Covid-19 (2019) for Students of Chulabhorn International College of Medicine, Thammasat University.

1 Wear a Mask

- Wash your hands before wearing mask and don't touch your face.
- Social Distancing Measures are encouraged.
- Masks are to be worn during all classes.

- Students with **URI** symptoms are recommended to stay home and contact Student Affairs.

2 Students will need to **arrive 20 minutes** prior to scheduled classes for **temperature checks.**

- All high-touch areas will be **cleaned every 2-3 hours** including in the lift and classroom.

3 Wash your hands with alcohol gel.

4 Upon arriving in classrooms, students will **need to scan the available QR Code.**

- Temperature checks will be held outside the lift on **the 3rd floor of Co-Operative Learning Center.**

- Alcohol gel will be available at the entry point into the classroom.

Remark: Students are required to follow all posted instructions.
